Multiple opportunities to get rewarded with JPMiles

The JetPrivilege programme offers multiple opportunities to earn JPMiles on Jet Airways, Jet Airways codeshare flights and when availing the services of our Programme Partners.

Effective August 01, 2014 we have enhanced our accrual structure to make it more rewarding. You will now be rewarded with minimum 500 JPMiles on Jet Airways for distance less than or equal to 500 miles. For distance 501 miles and above ticketed Point Mileage (TPM) will be used as the basis for crediting Base JPMiles for flight activities undertaken on Jet Airways. For codeshare flights where Jet Airways is marketing carriers and operated by partner airlines JPMiles will be credited on the basis of Ticketed Point Mileage (TPM).

Ticketed Point Mileage is calculated by International Air Transport Association (IATA) and is defined as the distance between an origin point and destination point using direct, non-stop sector miles (not kilometers).

Refer to the chart below for Mileage accruals for travel in First and Premiere class cabins. Please refer to Page 10.
